Through Girl Scouts, girls learn to think like entrepreneurs as they participate in activities that spark curiosity, confidence, and innovation.

Research shows that girls are actively interested in becoming entrepreneurs, developing financially stable futures, and using their skills to make a big impact on the world.

Girl Scouts at every level can build their business savvy by learning new skills, earning badges and then putting what they’ve learned into action through the annual Cookie Program.

Our Entrepreneurship Program, with support from incredible community partners, equips girls with the confidence and know-how to dream big and do bigger.
