

The Renovation of the Deaf Cultural Center Kiosk

Kim Berning has been in Girl Scouts for 12 years as a member of Troop 3149 in Service Unit 637. She is currently a junior at St. James Academy.

Kim's Gold Award Project addressed the need to bring more current information to the visitors of the Deaf Cultural Center in Olathe, Kansas. When individuals, including many friends, family, and alumni from the Kansas School for the Deaf who would visit the center, they were not met with current materials at the centrally located kiosk.

Kim spent many hours working with the Deaf Cultural Center staff and alumni to determine what items should always be readily available. She also had to adapt those items to be easy for the staff to update annually. Because of Kim's work, the Deaf Cultural Center now has a beautiful updated kiosk greeting visitors and showcasing the attractions this incredible place offers.
