Olathe, Kansas

A New Storage System for the Olathe North Theatre Department

Kelly Edwards was a girl member for 11 years as a member of Troop 923 in Service Unit 642. Kelly is now a Girl Scout alumna as a freshman attending the University of Nebraska – Lincoln.

Kelly loves all aspects of theatre production. She wants to see more students get involved in the theatre as actors and technicians. Kelly's Gold Award project focuses on organizing the critical storage unit for the Olathe North High School Theatre Department.

Kelly spent hours leading her fellow theatre students as they sorted the current storage unit. She created a system where past set pieces and other items were easily identified and could be located. Kelly then added sustainability by ensuring the responsibility to the tech officer who will oversee an annual clean-up each year.
