

Lent Retreat

Nicole Johnson was a girl member for 13 years as a member of Troop 5225 in Service Unit 682. Nicole is now a Girl Scout alumna as a freshman attending Kansas State University Polytechnic.

Nicole's Gold Award project addresses an opportunity to help students learn more about their faith in a comfortable, fun and interactive way. Though students attended weekly Sunday School, they saw it as more of an obligation than an opportunity to deepen their faith.

Nicole decided that a retreat for 5th grade students, the age when most became discontent about continued learning, would benefit their continued spiritual growth. Nicole organized and developed curriculum for this Lent Retreat. Today, Nicole's curriculum and retreat plan will be used annually for 5th grade students at her church and others in Salina.
