

Monica Thornburg

Wellington, MO

Find a Grave

Monica Thornburg has been a Girl Scout for 12 years as a member of Troop 1305 in Service Unit 614. She is currently a senior at Wellington High School.

Monica's Gold Award project addressed the need for a map of her community's cemetery. With the help of her Girl Scout sisters, Monica surveyed the cemetery and documented the plots on a map. She then took her information and digitized it so it's available online.

Monica worked with the Wellington City Clerk to complete her project. The clerk will maintain the database and map and add any additional plots. She credits her Gold Award project for challenging her to step out of her shyness and work with those who would help her accomplish her goals.
