

Project Hope

Grace has been a Girl Scout for 13 years and as a member of Troop 691 in Service Unit 664. She is currently a senior at Tonganoxie High School.

Grace's Gold Award project addressed the lack of awareness for Human Trafficking in the Midwestern region. Her goal was to raise awareness among her peers to and help them realize the severity of the problem in their own region. Grace presented workshops and disseminated information on how to keep from falling victim to human trafficking.

Grace worked with her FCCLA group at her school as well as her Girl Scout troop to help present the workshops. The Tonganoxie Police Department provided a self-defense instructor and First State Bank and Trust provided funding for Grace's project. In her presentations, Grace was able to adapt her materials and talking points to be appropriate and relevant for different age groups and types of audiences. Her FCCLA group will continue providing the workshops when Grace graduates.
