

Samantha Schnitta

Overland Park, Kansas

Morse Volleyball Clinic

Samantha Schnitta has been a Girl Scout for 11 years and is in Troop 670 in Service Unit 675. She is currently a sophomore at Blue Valley Southwest.

Samantha's Gold Award project helped girls learn leadership and cooperation through physical activity. For this project, Samantha hosted a volleyball camp for local children. Through the camp process, the children learned about volleyball, the logistics of the equipment, discipline, teamwork and how to stay physically fit. By teaching these children the power of the sport and how to excel at it, she hopes to inspire future volleyball players and give children a place to develop core life skills.

Samantha worked with Blue Valley Southwest and volleyball players to create and host the camp. By giving children a place to live a healthy lifestyle and build friendships, she hopes to improve their ability to be successful in the future. Promoting a healthy lifestyle and life skills, her project has a global impact by inspiring a healthier and happier future generation. Through this project she learned organization, leadership and public speaking skills she'll use for the rest of her life!

Because of Girl Scouts... I have learned from my troop leader, Jill Cornine and my fellow Girl Scouts about life lessons and putting others first.
