

## Daisy Making Choices Leaf (Badge)

**Pillar:** Entrepreneurship

**Outcomes:** Positive Values and Community Problem Solving

### Daisies will earn their leaf by:

1. Find out the difference between needs and wants
  - a. Have a grownup or older sibling quiz you on the items in your refrigerator at home. Are they items you need to survive, or are they items you, or someone in the house, want?
2. Try setting a goal to save for what you want
  - a. Print the goal chart at the link or make your own!  
<https://www.pinterest.com/pin/234609461816303503/>
  - b. Draw some things you want on your goal-setting chart. It could be a new coat, book, toy, or trip to the zoo. Then put what you think it costs in the space next to it. Pick one to save up for, and make a plan to save the money to buy it. Ask an adult if you need help!
3. Help others with what they need and want
  - a. Ask if there is a “need” item in the home you can decorate! Needs don’t have to be boring just because we have to use them.
