

Junior Savvy Shopper

Pillar: Entrepreneurship

Outcomes: Challenge seeking and Positive Values

Juniors will earn their badge by:

1. Explore your needs and wants
 - a. Look over your parents' grocery list with them, and talk about what items are needs and which items are wants. Whose wants do you see on the list? (Your favorite snack, your dad's favorite ice cream, your brother's favorite fruit snacks, etc.)
2. Look into why you want certain things
 - a. Make a list of your general needs and wants. Then make a collage, drawing, or painting that shows your wants. How are they connected? What do they have in common?
3. Find out what makes people happy or unhappy with what they buy
 - a. Ask your parents if there's something in their closet they regret buying. Find out why! Does it not fit, is the material too itchy, is it different than they thought it would be, or did they buy it and then regret it but weren't able to return it?
4. Learn how to decide what to buy
 - a. Next time your parents need to make a grocery list, use what you learned in Step 1 to make the list for them. Have them check your list. How close to their list is it?
5. Make a plan to buy something you need or want
 - a. Do you have an allowance or income? Plan ahead and save up for something that will help you next year in school (a cute bag, notebook, pen, technology tool, etc.). Learn that sometimes buying needs can be fun too!

Share your work on the GSKSMO Virtual Art Show - https://www.gsksmo.org/en/events/virtual_art_show.html
