

Take Action Projects

What is Take Action?

Girls will create and carry out a Take Action project with every Journey they complete. Girl Scout Bronze, Silver, and Gold Awards all require Take Action projects.

Overview of Take Action

Take Action projects are different from community service projects. Take Action elevates projects.

A Take Action project is a chance for girls to partner with others in their community to solve a problem. They learn about getting to the root causes of issues, mobilizing and engaging community members and volunteers, and striving toward creating lasting change in their world. An important component is to understand & address the cause of a problem.

Girls must also make sure each project is sustainable and that the impact is measurable.

- **Measurable:** The success of the project can be determine based on the number of people the project helped, the number of people who were involved, any reduction in the community's need, and other concrete numbers.
- **Sustainable:** Girls must make arrangements (such as collaborating with community leaders and/or organizations; building alliances with mentors) to ensure that the project creates lasting change and is not a one-time event.
