

**Objectives:**

1. Girls will learn about the GS Law for the first time
2. Girls learn about the Daisy Petals

**About this meeting:**

The Daisy Petals represent the Girl Scout Law. Each petal is a ‘piece’ of the law. As girls learn about each piece of the law, they will earn the petal that it represents.

The following are activities you can do to get the girls familiar with the petals/the Girl Scout Law, while at the same time earning their Friendly & Helpful petal (aka Sunny the Sunflower.)

**Meeting Agenda:**

*As girls arrive – girls continue to color and decorate their troop banner from prior meetings.*

Opening:

1. Open the meeting with the Girl Scout Promise (5 Min)
2. Review what activities you will be doing at the meeting. Explain that the meeting will be all about learning about The Daisy Petals – show them a picture of how it will look like on their vest once they have earned every petal. (10 min)
  - Explain that each petal represents a piece of the Girl Scout Law.
  - Say the Law together (ask the girls to repeat each line after you).
    - o Have the Law written out on a big piece of paper or something you can reference as you say each line.
  - *Explain that girls will also be working on earning their first petal during the rest of the meeting – **Sunny the Sunflower, aka Friendly & Helpful.***

Throughout the rest of the meeting - have girls HELP by passing out materials. Make sure you explain HOW what the girls are doing is being friendly and helpful, which is a piece of the Girl Scout Law.

**Activities:**

\*\*\*Depending on time, you can do all three of these activities, or however many you have time for.

1. Daisy Petal Friendship Card (20 min)
  - Create a simple daisy template girls can color in, or have a print out of the daisy petals girls can cut out and glue to a piece of cardstock.
  - Girls can draw a name of another girl in their troop and make her a Daisy Petals Friendship Card.
    - o **This is the ‘Friendly’ part of the petal!**
2. Hop Scotch – [the traditional version!](#) (15 min)

- Use tape or chalk (if you can easily go outside) to create.
  - Instead of numbers, put a picture of a petal or the words of the law (or both!).
3. Make Girl Scout Law Bracelet, Key Chain, Pin (25 min)
- There are a lot of different ways/materials you can use to make your Girl Scout Law ‘item’.
    - o Pipe cleaners, ribbon, any craft like string
    - o Safety Pins
    - o Beads (make sure you have colored beads correlated with each piece of the law)
    - o Letter beads (if you want girls to put their names, troop number, etc.)
  - Tip: As you instruct the girls to put each bead on, have them repeat the beads before them periodically. If you want you can also ask for examples of what they think each bead means, etc.

### **Closing:**

Clean up  
Friendship Circle

*During the closing of your meeting, review what you worked on that day, and what they will be doing at the next meeting.*
