

The Kim Horn Kind Heart Award

To have known Kim Horn is to LOVE Kim Horn.

Kim was a dedicated GSKSMO staff member for 35 years who supported thousands of volunteers throughout her career.

We lost our beloved Kim in April 2021, but her kind heart will forever live. When volunteers and staff describe Kim, KIND is always a word used. Kim loved everyone she met and this includes the sweet creatures in her backyard. Her day always began with checking on the birds and squirrels finding food at her bird feeder. She continued that genuine kindness each and every day to all who had the honor to know her.

The Kim Horn Kind Heart Award exemplifies Kim's passion for Girl Scouts. This award serves as her legacy and recognizes a volunteer who...

...consistently goes above and beyond to make leaders and girls feel special and appreciated.

...frequently checks in with other leaders and provides encouragement and guidance.

...is highly respected within their service unit and has a direct impact on keeping girls and volunteers engaged in the organization.
