

# Celebrate Gold

Morgan Scott  
Grandview, MO

## Sensory Garden

Morgan Scott has been a girl member for ten years in Troop 1945 in Service Unit 641. Morgan graduated from Grandview High School as part of the class of 2024.

Morgan wanted to create a project to help long-term hospital patients. She worked with Occupational Therapists at Children's Mercy Hospital to create a sensory board and rock garden that patients can use and add to as part of their rehabilitation and recovery. She also collected rocks to share with the Occupational Therapy team, so that future patients can continue to add to the garden.
